Aging Nation boken PDF

With the impending retirement of some 76 million Baby Boomers, understanding the economic, political, and social issues related to the aging population is paramount. If the doom-and-gloomers have their way, the elderly will be put out to pasture, with inadequate health care and financial resources, and a crumbling social welfare system. In *Aging Nation*, renowned experts in the field, James Schulz and Robert Binstock, agree that there is considerable cause for concern, but with a variety of sound policies and programs in place and smart individual choices, the elderly can prosper, and a demographic tsunami is not inevitable.

When the clock strikes 2030 an important demographic milestone will set upon the U.S. This report examines how the age structure of the U.S.
